## Intellectual Property

### CNIPA publishes Statistics on Geographical Indications and Layout Designs of Integrated Circuits (January to August, 2023)

	Geographical Indication Products approved	Geographical Indication Trademarks approved to be registered as collective trademarks or certification trademarks	Market Participants approved to use the special mark for Geographical Indications
January to August 2023	6	137	4,980
As of the end of August 2023	2,501	7,213	26,228

In addition, during the captioned period, 7,830 applications for registration of layout designs of integrated circuits were filed in China, and 6,938 registration certificates were issued.
